Vision and Wellness Mentor...

## Toni Hatton, The Attractive Thinker!

### How far can you see?

Ever wonder how you're going to make it, how to see beyond your current circumstances, or how to organize your goals so that you can focus on and manifest your vision?

Have you ever read books, listened to CD's, attended seminar after seminar, gathered all the information that you think you need, and still haven't applied it?

Lack of vision can affect your ability to move forward, the way you see yourself, and the outcome of your desired dreams and goals!

Eyesight can only reveal your current circumstances, but vision takes you to a whole new world, where dreams really do come true!

***"Toni's incredible life story has given her keen insight and understanding to help others to move from lack of vision in life to 20/20 vision so they can truly see!"***

### Let Toni show you how to...

develop your vision and correct your perception!

see yourself in all of your potential!

find the time to develop your dreams and goals!

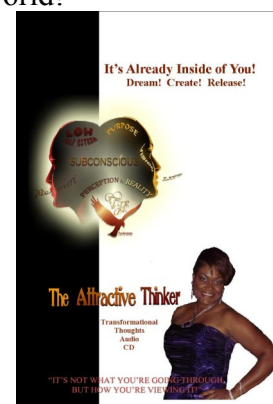

focus on your dreams and goals until they become your reality!

take your experiences and serve them to the world!

Toni Hatton, CEO/Founder of Toni Hatton Productions and author of Don't Be Afraid: He's Preparing You!, turned around and looked back at all that she had overcome in the course of her journey and realized that everything she had experienced was not for her, but for those that were attached to her voice! Correcting her perception of what she had been through, she then realized that it wasn't personal. It was preparation! With strength, courage, and passion Toni delivers a Vision and Wellness presentation that is second to none! She exhales her gifts of vision and wellness via her singing, speaking, writing, mentoring programs, workshops, and products. To book Toni Hatton, The Attractive Thinker for your next event, or for a 30-minute complimentary "How Can I Add Value To Your Life?" session, contact Toni Hatton Productions at 410-298-2121.

***"Toni has helped me to look at my situation from a different perspective, encouraged me to never give up, and showed me how to remain standing in the midst of a storm! Her example leads in excellence! She has taught me to discover and to use the power and tools that are already within me!"***
